IPCF SALUTES THE INDIAN ARMED FORCES

OPERATION PROSTATE CANCER

An initiative by Indian Prostate Cancer Foundation and Regional Centre ECHS, Chennai for **VETERANS**, to prevent needless suffering due to prostate cancer. Prostate cancer is one of the most common cancers affecting men and incidence is on the rise. Early detection can save lives.

Are You at Risk ?

Risk Factors

Age > 45 yrs

Family History

There are no symptoms in the early stages of prostate cancer, but any urinary problem should be evaluated by a urologist.

- Frequent urination, especially at night
- Weak urine flow
- Urine flow that starts and stops
- Pain or burning during urination
- Blood in the urine and semen
- Pain in the lower back, hips, thighs and bones

Symptoms

Join 'Operation Prostate Cancer' to meet, interact with the urologist, and for a free prostate cancer check. To register for 'Operation Prostate Cancer', contact your doctor at ECHS polyclinic or
