 Father's
 Day

*"The Greatest gift ever i had
 came from God
 i call him DAD"*

Dear Appa,

Thank you

**You carried me on your shoulder
 You took me to school
 You shaped my dreams
 You believed in me,**

Thank you Appa

**"For Just Being There"
 when i needed you
 For showing you care...
 For all the times you have
 cared for me,
 Allow me now to take care of you**

Prostate Cancer affects men over the age of 50. Incidence of prostate cancer in India is on the rise, but if detected early is totally curable. 80% of prostate cancer can be identified by a simple blood test (PSA test) and a digital rectal examination by a urologist. All prostate problems need not necessarily mean prostate cancer.
